

STRe Solutions, short for Strategic Resource Solutions, was founded by a former CFO to bring operational expertise to the hiring process. We partner with our clients on Finance & Accounting searches to build out their team. As a boutique search and staffing firm our comprehensive services include retained and select contingent search, and consulting services for bay area companies, both private and public.

STRe Solution Differentiators guarantee you a successful hiring process:

- We have an extensive network of professionals in Finance, Accounting and HR;
- We partner with our clients to fully understand their job requirements and company culture;
- We assess candidates to meet *our clients'* needs through our in-depth interviews and reference checks;
- We counsel our candidates on their professional career development and objectives;
- We present only the best candidates, saving time for our clients;
- Our searches are led by a former public company CFO.
